

Protective Cover VOS5000-LE-COV65

- Protective cover for VOS5000 camera with C-mount lenses
- Protects the lens from dust and water spray

Robust protective cover for the VOS5000 camera to protect the lens from moisture, dirt and dust and to increase the IP rating to IP67.

Function

The protective cover is used to protect the lens of the VOS camera from external influences and thereby increase the degree of protection (to IP67). It provides a rugged protective barrier against the ingress of moisture, dirt, and dust. Using a protective cover extends the service life of the camera while ensuring that image quality is not compromised. Note the maximum dimensions of the lens used.

Dimensions
