

Stack light LED permanent light element

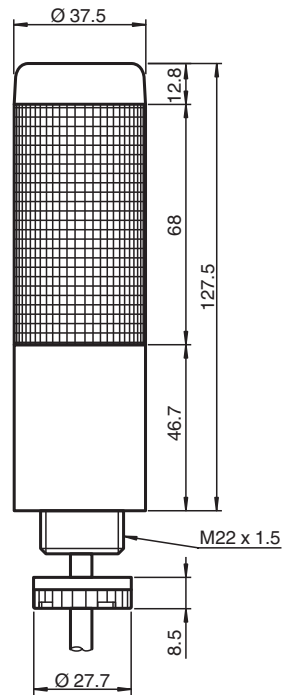

VAZ-LED-38MM-YE-RD-2M

- Preconfigured stack light
- Long lifetime
- Two-color (yellow and red)
- 2 meter fixed cable

Stack light LED permanent light element, 2-stage signaling

Dimensions

Technical Data

General specifications

Light type	LED solid
Color	yellow/red

Electrical specifications

Rated operating voltage	U_e	24 V AC/DC \pm 10 %
Rated operating current	I_e	60 mA
Supply frequency		50 Hz
Protection class		II
Inrush current		500 mA

Ambient conditions

Technical Data

Ambient temperature	-20 ... 50 °C (-4 ... 122 °F)
Pollution degree	3, in connection area 2
Mechanical specifications	
Housing height	141 mm
Degree of protection	IP65
Connection	cable
Cable entry	Membrane sleeve, max. core cross section 0.34 mm ² /AWG22
Material	PC
Mass	146 g
Cable length	2 m
Life span	max. 50,000 h
