

Protective Cover VOS-LE-COV-M12

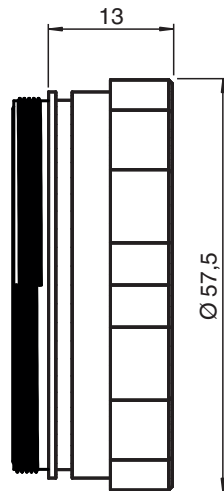

- Replacement protective cover for VOS1000 and VOS2000 camera with integrated S-mount lenses

Robust protective cover for the VOS1000 and VOS2000 camera to protect the lens from moisture, dirt and dust and to increase the IP rating to IP67.

Function

The protective cover is used to protect the lens of the VOS camera from external influences and thereby increase the degree of protection (to IP67). It provides a rugged protective barrier against the ingress of moisture, dirt, and dust. Using a protective cover extends the service life of the camera while ensuring that image quality is not compromised. Note the maximum dimensions of the lens used.
