

Model Number

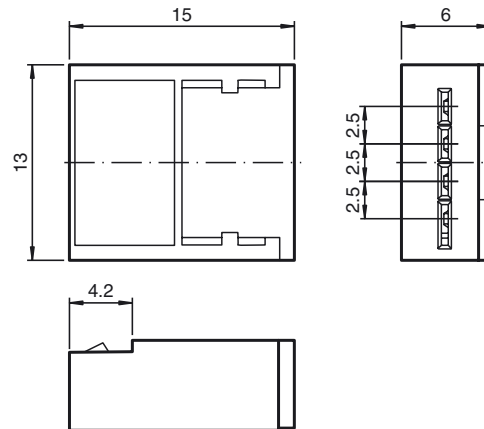

CON GL5

Connector for series GL5 slot sensors

Features

- Insulation displacement connection

Dimensions

Technical data

General specifications

Number of pins	4
Construction type	Socket, straight

Electrical specifications

Nominal voltage	60 V DC / 48 V AC
-----------------	-------------------

Ambient conditions

Ambient temperature	-40 ... 85 °C (-40 ... 185 °F)
---------------------	--------------------------------

Mechanical specifications

Degree of protection	IP20
Connection	Socket, straight, 4-pin

Material

Body	PBT
Core insulation	PVC

Single core

Diameter	conductor: Ø0.40 mm, core insulation: Ø0.70 mm conductor: Ø0.50 mm, core insulation: Ø1.00 mm conductor: Ø0.65 mm, core insulation: Ø1.15 mm (max. 1.25 mm)
----------	--

Core cross-section	0.05 ... 0.14 mm ² , 30 ... 26 AWG
--------------------	---

Mass	25 g
------	------

Electrical connection
