

Software

eDIAGNOSTICS

- Get instant device status information
- Easy contact with the ecom support team
- Android™ application
- Available at Google Play

Diagnostic tool application for ecom smartphones

Function

Get instant device status information. In case of problems, you can easily contact the ecom support team. By providing our team with your device status report with diagnostic information, we can help you identify and resolve the problem you are experiencing. In case of further questions, you can also contact the support team directly.
